Portable With
Canon Digital
Upgrade

GE AMX 4 Portable
with digital panel upgrade

Upgrade your existing AMX 4 or purchase an AMX 4 with the digital upgrade already installed. You can have a mobile DR at your fingertips by retrofitting to either a CXDI-50G or a CXDI-31 panel. The speed of the Canon Digital Radiotherapy system allows you to see your study right from the portable, brightly displayed on the easy-to-use touch screen.
